

Zanzottera MZ 301

By Evelyn, Columba Sara

Book Condition: New. Publisher/Verlag: Alphascript Publishing | Inline engine (aviation), Two-stroke engine, Dual ignition, Aircraft engine, Ultralight aviation | Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online. The Zanzottera MZ 301 is a three cylinder, in-line two-stroke, dual ignition aircraft engine designed for ultralight aircraft. The engine was originally designed and produced by Zanzottera Technologies of Italy, but the design was sold, along with the rest of the company's two-stroke ultralight aircraft engine line to Compact Radial Engines of Surrey, British Columbia, Canada. The MZ 301 was developed first as a fuel injected 90 hp (67 kW) lightweight competitor to the more expensive liquid-cooled four stroke 80 hp (60 kW) Rotax 912. | Format: Paperback | Language/Sprache: english | 118 gr | 220x150x4 mm | 76 pp.

Reviews

A superior quality book along with the font employed was exciting to see. It is one of the most amazing book i have got read through. You wont really feel monotony at anytime of the time (that's what catalogs are for about in the event you ask me).

-- **Santina Sanford**

This publication will never be effortless to get started on reading through but very entertaining to read through. It normally is not going to expense too much. I discovered this publication from my dad and i encouraged this book to find out.
