So you must be, Master Joe, if often telling makes it true. The girl spoke simply, and with an absence of that roguishness which was characteristic of her. Playful words, arch smiles, and a touch of coquetry had seemed natural to Nell; but now her grave tone and her almost wistful glance disconcerted Joe. During all the long journey over the mountains she had been gay and bright, while now, when they were about to part, perhaps never to meet again, she showed him the deeper and more earnest side of her character. It checked his boldness as nothing else had done. Suddenly there came to him the real meaning of a woman s love when she bestows it without reservation. Silenced by the thought that he had not understood her at all, and the knowledge that he had been half in sport, he gazed out over the wild country before them.
