## Emerging Infectious Diseases: Volume 5, Number 4: August 1999 (Paperback)

By U. S. Department of Health and Human Services: Centers for Disease Control and Prevention

Bibliogov, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The Centers for Disease Control and Prevention (CDC), the agency of the U.S. Public Health Service charged with disease prevention and health promotion, leads efforts to address emerging infectious disease issues such as AIDS, antimicrobial resistance, food safety, hantavirus pulmonary syndrome, influenza, travel health, tuberculosis, West Nile virus infection, and zoonoses. CDC's efforts encompass improvements in disease surveillance, the public health infrastructure, and epidemiological and laboratory training. Emerging Infectious Diseases represents the scientific communications component of CDC's efforts against the threat of emerging infections. However, even as it addresses CDC's interest in the elusive, continuous, evolving, and global nature of these infections, the journal relies on a broad international authorship base and is rigorously peer-reviewed by independent reviewers from all over the world. This is one of their journals.

### Reviews

*A very amazing ebook with lucid and perfect answers. it was actually writtern quite flawlessly and useful. Its been written in an exceedingly basic way and it is simply right after i finished reading this publication in which basically changed me, change the way i really believe.*

-- **Garett Stanton**

*Thorough guide! Its this sort of excellent read. It is really simplified but unexpected situations in the 50 % in the book. You are going to like just how the blogger create this publication.*

-- **Prof. Lela Steuber**
