### ***Reviews***

*This publication will never be effortless to get started on reading through but very entertaining to read through. It normally is not going to expense too much. I discovered this publication from my dad and i encouraged this book to find out.*

## MANAGING IT PROJECTS FOR BUSINESS CHANGE: FROM RISK TO SUCCESS

BCS, The Chartered Institute for IT/Viva Books Private Limited, 2014. Softcover. Book Condition: New. Project set-up and a thorough understanding of the business context are vital to project success. This book will empower experienced project managers and their business counterparts to understand and manage the risks of challenging business change projects. Providing principles and guidance that can be adapted and applied to different situations, it will show project managers and owners how to guide difficult projects home when mere excellence of technique or blind adherence to procedures would leave them at sea. The book's primary focus is large business change projects that have a core IT component and a significant dependency on team competence. Follows the process from planning to successful completion Success and failure ? what they really mean in business change projects Covers discipline in preparation, execution and completion Solid advice on consent, stakeholder participation and risk management Contents: INTRODUCTION ?
