Paperback. Book Condition: New. Paperback. 248 pages. Killer Cure will change forever how you think about your health and health care. Leaving conventional wisdom in the dust, Killer Cure reveals startling and unforgettable insights: Why health care in America accidentally kills 12, 000 people each week -- even though every doctor and nurse you know is terrific Why health cares hidden assumptions about you are almost certain to damage your health -- and what you can do about it Why health cares focus on solving yesterdays problems may reduce life expectancy in the U. S. -- by as much as five years Why you might want to become CEO of your own health and health care -- and how to go about itThe root cause of Americas health care crisis is that health care is not about you. Health care is not designed to help you enjoy good health. It is designed to help doctors take action: write prescriptions, perform surgery, etc. That focus hurts you in two ways: First, those actions are likely to damage you nearly as often as they help you because of side effects, complications, and other problems with care delivery. For example, hospital ICUs (Intensive Care Units) have a remarkable number of characteristics in common with prison camps for terrorist suspects. People die needless deaths as a result. Second, the focus on actions the doctor takes crowds out actions you could take that would often get you better outcomes. For example, more than 100, 000 people a year get a foot or leg amputated instead of learning simple ways to prevent foot infections in the first place. To get better results, the health care system first needs to embrace a new purpose: to enable people to lead the lives they want. Three further changes are...
