

Writing with Consequence: What Writing Does in the Disciplines (Paperback)

Filesize: 7.59 MB

Reviews

This written book is great. I am quite late in start reading this one, but better then never. You will not really feel monotony at at any moment of your time (that's what catalogues are for about when you check with me).

(Abe Reichel DDS)

Pearson Education (US), United States, 2002. Paperback. Book Condition: New. 226 x 145 mm. Language: English . Brand New Book. This brief, cross-disciplinary rhetoric teaches students the importance of writing in college and beyond, using a unique conceptual framework that the author calls the six ways of knowing. This writing guide enables students to write meaningfully not only in academic forms such as essays or lab reports, but in forms used outside the classroom such as brochures and oral histories. The text s underlying premise is that students writing acquires consequence not by mastering a set of skills but by exploring diverse ways of knowing and thinking about their subject. Each chapter examines a different academic discipline and its way of considering and writing about the world via interviews with academics and case studies of student research writing projects in that field. These writing and research strategies are then applied to writing outside the classroom in more public arenas using real world genres.
