### A Numerical Simulation and Statistical Modeling of High Intensity Radiated Fields Experiment Data

Filesize: 7.56 MB

### Reviews

A really great publication with perfect and lucid explanations. Of course, it is play, continue to an amazing and interesting literature. I discovered this book from my i and dad suggested this publication to find out.

(Dr. Augustine Borer)

# A NUMERICAL SIMULATION AND STATISTICAL MODELING OF HIGH INTENSITY RADIATED FIELDS EXPERIMENT DATA

To read A Numerical Simulation and Statistical Modeling of High Intensity Radiated Fields Experiment Data PDF, please follow the web link listed below and download the file or have access to additional information which might be in conjuction with A NUMERICAL SIMULATION AND STATISTICAL MODELING OF HIGH INTENSITY RADIATED FIELDS EXPERIMENT DATA ebook.

BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 32 pages. Dimensions: 9.7in. x 7.4in. x 0.1in.Tests are conducted on a quad-redundant fault tolerant flight control computer to establish upset characteristics of an avionics system in an electromagnetic field. A numerical simulation and statistical model are described in this work to analyze the open loop experiment data collected in the reverberation chamber at NASA LaRC as a part of an effort to examine the effects of electromagnetic interference on fly-by-wire aircraft control systems. By comparing thousands of simulation and model outputs, the models that best describe the data are first identified and then a systematic statistical analysis is performed on the data. All of these efforts are combined which culminate in an extrapolation of values that are in turn used to support previous efforts used in evaluating the data. This item ships from La Vergne, TN. Paperback.
