Peter Lang Mai 2007, 2007. Taschenbuch. Book Condition: Neu. 15x22x cm. Neuware - After the key moments of the livre d'artiste (from Manet/Mallarmé to Picasso/Reverdy) and Surrealist art, how did the text/image relationship evolve in twentieth-century French culture By what epistemological and aesthetic frameworks was it determined and, in turn, what new signs and practices, what new meanings did it produce This book offers a series of answers to these questions by looking at several case studies including Marguerite Duras' filmic rewriting, Pierre Klossowski's shift from writing to painting, contemporary video-poetry, Gilles Deleuze's philosophical engagement with Bacon and Giacometti, and CD-Rom aesthetics. What brings the various essays in this volume together is a challenging new reading of the text/image relationship as a porous boundary through which texts and images no longer merely illustrate or stand by each other but interpenetrate, hybridise or restructure one another. 164 pp. Englisch.
